Work Experience

PRIMUSE – Bali, Indonesia

Mar 2024 – Jul 2026

Front-end Engineer

Primuse Entertainment is the world's leading platform for live entertainment, working with artists to bring their creativity to the global stage.

- Delivered 9+ projects across web apps, dashboards, event & ticketing platforms, and marketing landing pages using React.js, Next.js, TypeScript, and Tailwind CSS.
- Implemented best practices in clean code, testing, and performance optimization — achieving consistent Lighthouse scores of 90%+, while identifying and resolving bugs to reduce technical debt.
- Deployed and maintained web applications using Vercel and AWS Amplify, including custom domain setup and DNS configuration via Cloudflare for production-ready delivery.
- Collaborated with design and backend teams to translate business requirements into responsive and engaging user interfaces.
- Ensured on-time delivery across all projects by maintaining efficient workflows and clear cross-functional communication.

Solo Technopark – Surakarta, Indonesia

Aug 2022 – Jan 2023

Videographer and Photographer Officer

Solo Technopark in Solo, Indonesia, is a dynamic innovation hub fostering collaboration and growth for startups and tech enthusiasts. With cutting-edge facilities and a vibrant ecosystem, it accelerates tech ventures, offering a platform for networking, knowledge exchange, and entrepreneurial success.

- Manage regularly the YouTube account Solo Technopark as well and consistently.
- Editing, arranging, and selecting shots in each of 4 video productions every week.
- Successfully implemented the project for the Solo Technopark Company Profile video.
